# CP7 Class of 2010

- Password Protected Scribe Notes:click [here](#)
- Free PDF creation for your PC:click [here](#)
- Computer Building Project click [HERE](#)
- click [here](#) for the teacher-posted Web pages from Spring 2005
- [2010 Web Pages](#). Please alert your teacher if there is an error. Thanks.
- [English 7 Independent Reading Powerpoints](#)

## CP7 Assignments (most recent at the top)

- Assignment 14 - DUE MAY 17 or MAY 20, depending on your section. [Click Here for instructions](#)
- Assignment 13 - DUE MAY 10 or MAY 13, depending on your section. [Click Here for instructions](#)
- Assignment 12 - DUE APRIL 29 and worth 25 points - Astronomy Web Page (in conjunction with your Science class)

Computer Specs are [here](#)

- Assignment 11 - DUE MONDAY 4/11 9 PM for Burns/Martinez, DUE THURSDAY 4/14 9 PM for Paige/Negin

### **In Class**

- \*Jeroo Language Summary
- \*ACTIVITY: Write your initial on a map
- \*Homework Submitting Guidelines: For Jeroo Homework, both PASTE the text of your code into the body of the email AND include a screenshot of your working code.

### **Homework**

- \*Plant a flower in the Top-Right-Corner. Your Jeroo starts at (0, 0) with no flowers. There is one flower in the middle of the island. Get your Jeroo to go to that flower, pick that flower, go to the Top-Right-Corner, and plant the flower there.

Download map [HERE](#)

- \*Turning in Instructions: Remember to paste your text of your code, submit a screenshot of your working code, use A11 as your subject, send to your portfolio as

well as turnin-cp7, have no spelling errors or typos, and do not under any circumstances save your work for the last minute. Doing your work at school rather than at home is preferable, since the computers in 39 are set up, and there are people here to help you.

- Assignment 10 - DUE TUESDAY 3/15 9 pm  
All Sections - click [HERE](#)

**Here are examples of what you should do for each slide.**

- [Slide 1](#)
  - [Slide 2](#)
  - [Slide 3](#)
  - [Slide 4](#)
  - [Slide 5](#)
  - [Slide 6](#)
  - [Slide 7](#)
- 

- Assignment 9 - DUE TH 3/3 (Paige/Negin) or  
MON 3/7 (Martinez/Burns) - click [HERE](#)
- 

- Assignment 8 - DUE THURSDAY 2/17 9  
p.m.: History+Tech - timeliner. For full specs,  
click [HERE](#).
- 

- Assignment 7 - DUE THURSDAY 2/10: An  
I-Tunes style HTML table. For full specs,  
click [HERE](#).

- 
- Assignment 6 - DUE THURSDAY 2/3: Make an HTML table of 10 interesting facts or features about timeliner. Remember, you must be AT CHAPIN in order to access Timeliner. Your assignment A6 work will soon be on the web ... click [here](#)
- 
- Assignment 5 - DUE THURSDAY 1/27:  
Computer build project
    - [Scribes, HTML Programmers: Some Web sites that may help you!](#)
    - [Some websites on Video Cards, CD-R vs CD-RW, and RAM vs. ROM](#)
    - The BIG picture: Some things to think about as you are building your computer ... click [here](#)
    - Scribes will also be part of the Build chat room ...the notes you are taking are going to be used by all members of your group for follow up assignments.
    - Builders make sure other people are watching ... keep all screws in the same place, so they don't get lost ... these pieces are delicate - handle with care!
    - HTML Programmer ... don't forget our sample HTML Web pages for exact commands [click here](#) ... use a table to position your pictures where you want them to be ... change your picture width by writing (img src="mypic.jpg" width="25%") using the < and > symbols of course instead of ( and )

- Photographer ... remember to keep the graphics small before posting, perhaps under 100K for every file
- Consultant ... make sure everyone in your group is doing ok - do they need anything? only you are allowed to leave your table area to the center to get help.

---

- Assignment A4

a) contains links to A1, A2, A3 using the First Class/GatorNet feature of linking b) contains links to each SCRIBE posting to you did (same) c) contains a listing of the 14 components we are building with and one sentence in your own words (not via copy and paste) describing the function of that component d) the subject of this e-mail should be A4 e) this is due by 9:12 am next Tuesday 1/25, the day before we build.

- Assignment A4 ... due January 25th, 9:12 AM. See below for details
- Guess the picture: [1](#) | [2](#) | [3](#) | [4](#) | [5](#) | [6](#) | [7](#) | [8](#) | [9](#) | [10](#) | [11](#) | [12](#) | [13](#) | [14](#)

- Assignment A3 ... due 11/2 ... click [here](#)
- Due 10/12 ... A2 ... Time Capsule: As the Leaders of the Future, you are doing things with technology that no Chapin student has done before. In 100 years, no one will think twice building and using computers in school. You, however, are paving the way. Write A PARAGRAPH to a Chapin student of the class of 2110 (graduating 100 years after you). In this paragraph, describe the things we have been doing in class. Include a picture from the ['Building'](#) section of the CP7 page. You can copy and paste.

After you write the paragraph, export it to a PDF file. The only thing you need to submit is the PDF file. Make sure your file is named correctly: If your name is Jane C. Doe, then you will name your file 'A2JCD.pdf'. Submit this PDF file to turnin-cp7 and to your portfolio.

To sum up, write a paragraph describing the CP7 course. Include a picture from the building page. Export to PDF. Name correctly. Submit to CP7.

- Due 9/28 ... A1 ... Make a web page with your **THREE** initials using the new methods we will show you today via Microsoft Word and saving as PDF ... your A1 assignment must contain either 1 or 2 attached files, each one using 3 initials, e.g. JMD.PDF and JMD.HTML
  - Click [here](#) for the LOTF page which now contains the SCRIBE notes for each day ... we hope you take advantage of them ... each of you will be a SCRIBE every 3 weeks and we will work through MANY strategies of posting onto the web this year!
  - We meet every Tuesday for 18 minutes from 9:12 to 9:30
  - Scribe notes get dragged to the Home Page Folder of the LOTF account (pw:j-----)
-
